IMPROVED APPLICATION. BETTER HIDE.  
ODOR ELIMINATING TECHNOLOGY.

INTERIOR ACRYLIC LATEX

## ZERO VOCS\* WITH MAXIMUM PROTECTION FROM MOLD AND MILDEW. PLUS SUPERIOR COVERAGE AND DURABILITY.

Keep green project requirements and your performance expectations covered with this zero VOC paint that carries our GreenSure® designation. Harmony® is now easier to apply and provides better coverage and durability. It also contains EPA-approved anti-microbial additives so deterioration caused by mold and mildew is minimized which extends

the life of the paint. Harmony is a low-odor formula making it ideal for use in occupied areas. It also resists bacterial odors and now goes one step further by actually reducing odors in the air. Unpleasant smells dissipate – making it ideal for commercial, institutional and residential applications.

### HARMONY KEY BENEFITS

- Virtually odor-free – formulated without silica or VOCs for better indoor air quality.
- Now delivers even better application, hide and durability – withstanding frequent washings and resisting mildew on the paint film with an anti-microbial agent.
- New breakthrough odor eliminating technology actually reduces ambient odors – keeping rooms smelling fresher, longer.†

- Available in a primer and topcoat with flat, egg-shell and semi-gloss sheens. Can be tinted to many colors in the Sherwin-Williams palette.
- Packaged in plastic containers that are 100% recycled – complete with soy-printed labels containing 75% recovered fiber and 25% post-consumer waste.
- Backed by a Lifetime Warranty.

Our GreenSure® designation is our commitment that this high-performance product was designed and manufactured taking steps to reduce environmental impact and to meet or exceed the most stringent regulatory requirements. To learn more, visit [swgreensure.com](http://swgreensure.com).

\* Some colors may not be zero VOC after tinting with conventional colorants.

† The length of time Harmony actively reduces odors depends on the concentration of the odors, the frequency of exposure and the amount of surface area being painted.
